8月21日，一群来自United Heart 的学生集齐了60箱的捐赠物送给小区的居民。希望通过这样的活动，能过激发人们的善心，多做善事。

一年一度的中秋节又到了，我校将在9月9日举办中秋节庆祝活动，今年的主题是“庆中秋，盼团圆”，与往年不同的是今年的活动是在线下举办的。过去两年的中秋节，我们都是在线上举行的，希望今年师生们能一起在校园里提灯笼、玩游戏，赏月亮。盼望家家户户团圆与健康。

与此同时，中学九年级的学生也将迎来他们的第一个Milestone Programme- Habits of Mind（思维与习惯）。这个活动分成两个阶段进行：第一阶段的活动多数在学校完成,学生将通过活动实践所学过的思维。在活动中，不断地反思、改进、重整，让自己的思维变得更成熟，并懂得做出正确的决策。

第二阶段的活动将在Inagro 进行。学生除了享受大自然外，还将参与不同的基本项目，例如：组织培养（Tissue Culture）、菌根培植（Mychorrhiza、水培（Hydroponic）等活动。习惯的养成是要从生活开始的，学生的成长过程中少不了挫折，重要的是如何用正面的态度面对挫折，并重新振作起来。

在这个活动中，学生还需要学会烹煮自己的食物，整理自己的饭桌和清洗自己的碗碟等等。除了这些基本项目，户外的体能训练也是很重要的,其中包括了慢跑、划独木舟等。

每一项活动最重要的是反思，反思是一个过程，学生描述他们的学习，它如何改变，以及它如何与未来的学习经验有关。让我们培养孩子们用思维的习惯来学习和领导。

CELEBRATING THE COMMUNITY

2-8 SEPTEMBER 2022

On August 21, students from United Heart made a difference in the community when they gathered 60 boxes of donations and sent them to the people in need. Hopefully, this endeavour will inspire more people to undertake good deeds, have a positive ripple effect on the community, and make a difference in the beneficiaries' lives.

The annual Mid-Autumn Festival is coming again. Our school will hold the Mid-Autumn Festival celebration on September 9. This year's theme is "*Celebrating Mid-Autumn Festival, looking forward to reunion*". For the past two years, we have held the Mid-Autumn Festival online. I hope for this year's celebration, teachers and students can carry lanterns, play games and admire the moon together on campus. May the Mid-Autumn Festival bring everyone hope and bless every family reunion with moments of joy and happiness.

Concurrently, the Year 9 students will also have their first onsite Milestone programme - Habits of Mind. This activity is divided into two segments. In the first segment, most of the activities will be completed at school. The students will practice the skills they learned from the different activities to allow them to constantly reflect, improve, reorganise, think maturely, and make the right decision.

The second segment of activities will be conducted at Inagro. In addition to enjoying nature, students will be involved in different project-based activities, such as Tissue Culture, Mycorrhiza, Hydroponic and other activities. Habit formation is the process by which actions and behaviours are acquired or cultivated.

The process starts early on in life, and as students navigate the world around them, they also experience frustration. Nonetheless, students must understand that being frustrated is a part of life, and they should focus on the positive things and have a positive attitude to face setbacks and cheer up.

During the programme, students also need to learn to cook their own food, clean their own table and wash their own dishes and so on. Beyond all these basic activities, outdoor physical training is also essential like jogging, canoeing, etc.

The most important part of each activity is engaging in reflection, a process by which students describe their learning, how it has changed them, and how it relates to other future learning experiences. Let's monitor our children to learn and lead with the habits of mind by helping them build and maintain healthy habits.

GROW Corner: Annual Education Beyond Year 10 Info Session

26 August 2022

We had our annual Education Beyond Year 10 info session. Mr Dexter, our Secondary Dean, presented:

- Subject Combination
- University Research and Preparation
- Academic and Non-Academic Achievements
- Application Timeline
- AS-Level, A-Level, SAT, ACT, TOEFL, and IELTS

We are also honoured to have four of our current Year 12 students who presented their experience in choosing A-level subject combinations with their juniors. Our goal is to help Year 10 students to make informed decisions going forward to their junior college journey. It will be a very important milestone for them, and the school will do everything we can to help them in every aspect for the next two years.
