# “ PRINCIPAL’S ARTICLE

Dear all,

This is the last week of Term 3 and we have completed several important events such as the Chun Sun Cup, Community Week, NHxACE Cup, the Fairgrounds, Chroma Week, English Week and so on. We want to thank the many staff and students who worked tirelessly to make the events a success.

What I had learnt most from these many events in the Term is about the spirit of Resilience. I noted many of the staff and students who put in many hours after school and over the weekends to plan and execute the events. I applaud their resilience and tenacity to see through the events and ensure the objectives for each event is realised. Resilience is important especially in times like this, where sheer grit and resilience ensured that the mission objective is realised.

We wish for our Years 10 to 12 students who are attempting the Cambridge examinations in Term 4 to also continue to show grit and resilience in doing the respective exams and to also continuously strive for excellence. We wish them the very best in their present EYR and the coming Cambridge exams.

On a separate note, the school would like to take this opportunity to thank the 24 parents, 25 Admin and Support staff, and 41 teachers who had taken time to give their feedback to the Board on the state of affairs in the school. This feedback is important information for school to mull over and assess how they can be worked into further school improvements. The other feedback will be studied by the respective heads and necessary steps will be taken to address the concerns raised.

The school will be seeing some leadership transition in the coming term as well as in the new academic year. Mr Jorge Alcantara will be appointed as Deputy Dean for Academics (understudy) effective Term 4. He will assist the incumbent Dean for Academics and oversee the Primary Division’s curriculum and assessment matters. Other new subject specialists’ appointments will be announced in due course.

For the coming holiday, we wish for everyone to have a restful holiday and to continue to stay safe. We are working with the Jakarta Barat Education Bureau for the stepping down of COVID measures and will keep everyone posted on any new developments.

Stay safe and God bless.

## CHROMA WEEK ARTICLE

NationalHigh Jakarta School held a successful Chromaweek, showcasing the talents of its students in both music and art. The event was a culmination of weeks of hard work and practice, and it was evident in the quality of the performances and artwork displayed.

The recital featured a diverse range of musical genres, from classical to contemporary, and included solo performances as well as group ensembles. The students' dedication to their craft was evident in the way they performed, with confidence and skill that belied their age. The audience was captivated by the music and rewarded the performers with thunderous applause.

The art exhibition was equally impressive, with a diverse range of artwork on display, including paintings, sculptures, and mixed media pieces. The students' creativity and imagination were on full display, with each artwork telling a unique story and showcasing the artist's individual style. The exhibition was a testament to the school's commitment to fostering creativity and artistic expression in its students.

The success of the event was the result of the students' hard work and dedication, as well as the support of the school community. Teachers and staff worked tirelessly behind the scenes to ensure that everything ran smoothly, and parents and family members came out in full force to support their children.

The event was not only a celebration of the students' talents but also a reminder of the importance of arts in education. The art exhibit provided an avenue for self-expression, creativity, and personal growth. Events like these serve as a reminder of the value of arts in our society.

We would like to take this opportunity to express our sincere appreciation for the generous support and contribution of our parents and the organisations below towards this event. Your kindness and generosity made it possible for us to create a memorable experience for everyone involved.

See you in our next edition!
